

## School Battery Recycling Program

Which School will be our  
Battery Recycler of the Year?

If your school is located within the Councils of Subiaco, Mosman Park, Cottesloe, Claremont or Peppermint Grove then you can participate in our **FREE battery recycling program!**

How does the program work?

Schools that sign up for the program can receive:

- School visit by WMRC staff to explain the program.
- Battery Recycle Bin
- Posters and take-home battery recycling bags.
- Termly battery collection and
- Ongoing mentoring and support.

School Battery Recycle  
Competition!

As a participant in the program each school automatically registers for the School Battery Recycle Competition run every year.

The school which collects the most batteries per number of students will receive a prize! So get recycling!

Did you know up to 95% of a battery can be recovered and recycled?

Teach your students the importance of battery recycling and participate in this great FREE program.
